

Your city in your pocket

CARD4ALL with the motto "Your city in your pocket", is a Transfer Network focused on the implementation of innovative services and technologies through a Citizen Card System

This system allows cities to gather information to improve their services and use it for participative processes. It can be applied to promote social inclusion, local trade, urban mobility and sustainable living, thus creating a Smart City with Smart Citizens. The technology used allows the transferability and replication in different contexts. The participating cities are Gijón as Good Practice City and Aveiro, Clermont Ferrand, Jurmala, Sassari and Suceava as Transfer Cities.

We hope that this newsletter finds you well and we would like to share with you our activity before and during Covid time

REFLECTION
***CARD4ALL REFLECTION on how
a city card be useful in a
pandemic crisis***

Cities that are open, transparent, collaborative and adopt comprehensive responses are better equipped to manage pandemics than those that are not.
