

INVITATION

KAIRÓS THEMATIC WARM-UPS

Stressing key topics useful to realise the potential of Built Heritage as a driver for sustainable urban development.

Two webinars on December 16 and January 12 conceived to ignite the KAIRÓS Action Planning Network, open to anyone interested in heritage-led urban development and regeneration.

Both days following the same structure of keynote, case study presentation, discussion time and introduction of two specific hot topics, bringing together an outstanding pool of experts and practitioners.

Check out the agendas and sign up.
