AN URBACT II PROJECT

European Union
European Regional Development Fund

Connecting cities
Building successes

Objectives of the LAP

- ✓ **Develop a common understanding and appropriation of sustainable development issues in local projects, by using and testing the question grid of the European RFSC**
 - Participation in the testing phase
 - Test of the compatibility with local and national tools (ecoquarters, RF for local city planning...)

- ✓ **Build a local/operationnal version of the RFSC (tool and/or question grid) integrating local issues and objectives**

- ✓ **Use the local RFSC as a tool for debate with local and national stakeholders (partners, operators... citizens ?)**

ULSG composition

- **Rennes Métropole - elective representatives & administratives**
In charge of the integrated development policies, social cohesion, planning
- **The Urbanism Agency**
Gives expertise for local development & gathers all the public institutions interfering in the Rennes area.
- **The Development Council**
Embodies all the structures implemented in local development (elected members, associations, businesses, trade unions, etc.)
- **The « Pays de Rennes »**
Intercommunal structure in charge of the land planning strategy for 64 municipalities
- **Territoires**
A semi-public company in charge of the creation or development of economic zones, public spaces and housing zones
